

Jenny Sargent

I am a teacher of students with learning difficulties at Halesowen College.

I enjoy riding bikes, track and road, but not competitively. I joined HACC in 1996 when my youngest son (Peter) attended a Dudley Sportszone activity week (there were 6 other members).

I joined the committee in 1997 and have held the following positions on the committee; Social Secretary, Section Secretary, Youth Coordinator/ Liaison and am currently a Management Representative.

I have organised Manchester and Newport training sessions, Dudley Sportzone courses, Café / Barbeque organiser, plus numerous other jobs.

In 1998 I helped to start and run the Friday Night Track League with my husband Andy.

I started training sessions for younger riders (including Helen Scott) in 1999 (I think) on Friday nights, all through the winter months. This was the beginning of our thriving youth section today.
